Overview

The Women's Community of Body Building was formed in order to provide a space for women to compete in their love of

body building and to connect with other women . We are an inclusive safe space for all women to share their accomplishments. As a community built by women for women, we host bodybuilding events and workshops.

Goals

1. Host our 3rd event on March 31st of 2024 with sponsorship opportunities.
2. Host workshops related to competition preparation, posing, and nutrition. We will also be hosting workshops on wellbeing and stress management.

Sponsorship

This is a great opportunity for your company to be one of the first sponsors to become involved with this event as well as enjoying the complementary workshops . Together, our reach to all women will help promote healthy physical and mental living. As a woman led organization, you can help shape the future of women competing in bodybuilding.
